

Jasper County Conservation offices are closed to the public, but we are still working and available by phone, email, and by appointment. We will work to keep our parks, trails, and campgrounds open for the time being, but will immediately close down all of our playgrounds, restrooms and shower facilities. All of our upcoming public programming and events will be postponed until further notice. Please contact the Jasper County Conservation with any further questions at 641-792-9780.

Keri Van Zante

Director, Jasper County Conservation
