2. **Effective Date.** This ordinance shall take effect after its final passage, approval and publication as provided by law.
3. **Purpose.** The purpose of this ordinance is to provide minimum standards to safeguard environmental, health, property and public welfare by regulating and controlling the design, installation, quality of materials, location, operation, and maintenance or use of Jasper County’s On-Site Wastewater Treatment and Disposal Systems, hereafter OWTS.
4. **Scope.** This ordinance shall regulate the design, installation, alteration, repairs, relocation, replacement, addition to, use or maintenance of OWTS.

5. **APPLICABILITY.** The provisions of this ordinance shall apply to all OWTS located in the incorporated and unincorporated areas of Jasper County.

6. **General.**

6.1. **Existing OWTS.** Except as otherwise provided for in this chapter, a provision in this ordinance shall not require the removal, alteration or abandonment of, nor prevent the continued utilization and maintenance of, existing compliant OWTS in existence at the time of the adoption of this ordinance.

6.2. **Unsafe OWTS.** An OWTS that constitutes a health or environmental hazard, or is otherwise dangerous to human life, or creates a nuisance as defined by the Code of Iowa shall be declared as an unsafe OWTS.

6.2.1. **Authority to condemn OWTS.** Wherever the Environmental Health Director, hereafter "the Director", determines that any OWTS is unsafe, the Director shall order in writing that such OWTS either be restored to a safe condition. A time limit for compliance with such order shall be specified in the written notice. A person shall not use or maintain a defective OWTS after receiving such notice, without written approval of the Director included in the notice. The Director shall cause a report to be filed on an unsafe OWTS. The report shall state the nature of the unsafe condition.

6.2.2. **Notice.** If an unsafe condition is found, the Director shall serve on the owner, a written notice that describes the condition deemed unsafe and specifies the actions required to abate the unsafe condition within a stipulated time. Such notice shall be deemed properly served if a copy thereof is: (a) delivered to the owner personally; or (b) sent by certified or registered mail addressed to the owner at the last known address with the return receipt requested. If the certified or registered letter is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice. Service of such notice in the foregoing manner upon the owner's agent or upon the person responsible for the structure shall constitute service of notice upon the owner.

6.2.3. All activities required to abate an unsafe OWTS shall be subject to permitting, inspection, and approval by the Director. Acceptable measures to abate an unsafe OWTS include:

6.2.3.5. Failure to comply. If, after receiving notice of non-compliance from the Administrative Authority, the owner of the non-compliant

OWTS fails to comply with said notice the Administrative Authority shall issue a County Infraction Citation which may include fines, abatement, and injunction prohibiting use/occupancy of any and all structures connected to the non-compliant OWTS.

These areas may include, but are not limited to; high-density subdivisions, watershed areas of special concern, or incorporated areas. The Administrative Authority may make a determination to individually assess all dwellings as to their compliance with these Jasper County Environmental Health regulations. Stricter standards above the minimums in the state regulations may be set by Jasper County Environmental Health.
- 6.4.1. No permanent or temporary structures, including recreational vehicles and campers, shall be placed on any vacant lot or parcel in the following areas of the Rock Creek watershed (Homesites, Mary Akers and Rock Creek West subdivisions) unless they have an operable connection to an approved potable water system, public sewer system and the electric utility serving that area. Exception: A recreational vehicle or camper may be placed on a property that does not have a permanent residential dwelling and used intermittently for recreational purposes or as a temporary dwelling if a building permit for a permanent dwelling on the property is in force as long as it is continuously connected to an approved potable water system, public sewer system and the electric utility serving that area.
