Applications will be taken starting October 1, 2022 for households with elderly/disabled members (applications for other households will be taken starting November 1) for the 2022-2023 Low-Income Home Energy Assistance Program (LIHEAP). The program is funded by the Department of Health and Human Services through the Iowa Department of Human Rights/DCAA, and has been established to help qualifying low-income Iowa homeowners and renters pay for a portion of their primary heating costs.

<u>Size of Household</u>	<u>Annual Gross Income ***</u>
1	\$27,180
2	\$36,620
3	\$46,060

Applicants will need to furnish some form of identification, a copy of their most recent heating and electric bill, telephone bill, and proof of all household members' gross income for the past 30 days or the past calendar year. This program is not designed to pay a household's total energy costs. The program will provide supplemental assistance based on several factors. This is a one-time payment to your energy provider.
